# WELCOME

In just since 2010 of our establishment, we have become a vendor of 1st choice amongst all the reputed builders in Pune. Most of the sample flats have Shirke's Kitchen installations. We aim to provide you with a high-quality kitchen that gives you the unsurpassed cooking experience. Our product portfolio entails a wide range, like - smart storage accessories, high-tech kitchen appliances, avant-garde hardware and variety of shutters. In the last 8 years, we have successfully created more than 10,000 happy families by installing our modular kitchens, in Pune.

We understand the value of time and comfort and our objective is to provide high quality kitchen in affordable price to our users. Our make in Indiamanufacturing unit in Pune creates each and every piece after much deliberation and research. We take pride in providing high quality products in a timely fashion to our clients. Our services just don't end here, we are equally concerned about the post installation services also. We guarantee 360 degree customer satisfaction.
